

ST. XAVIER'S SCHOOL DORANDA
CONTACT TO THE PARENTS OF CLASSES X, XI & XII

Dear parents,

Career counselling is very necessary and important in present day life. There are many areas and scope of specialisation. We find students often confused in this regard due to ignorance as well as not really able to assess one.

You must be aware of that our old Xaverians have excelled in every area of life, be it administration, engineering, medical, entrepreneurship, business, research and education, journalism, film industry etc.

We are happy to inform you that we are going to organise a Career workshop on **SATURDAY, 20th August 2011.** Dr. Devendra Singh, Director (P&D), BDICE, Ranchi, has been able to contact eminent Old Xaverians on following Spectrum of Careers who will guide our students and their parents: -

I would like that all the students of said classes must attend this workshop. I also invite parents of these students to come and interact with the experts and get the guidance.

The workshop would begin at 8.30 am in the school auditorium. After having had the presentation of the experts in the auditorium along with the question time, the experts will move to the class rooms for one to one interaction or interaction with the groups interested in that career. The workshop may end by 12. 30 p.m. I do hope that this will help our students and their parents to stream line their future careers.

With best wishes;

Fr. Ajit Kumar Xess, S.J.
